

PHILIPPINE JOURNAL OF Ophthalmology

A PUBLICATION OF THE PHILIPPINE ACADEMY OF OPHTHALMOLOGY • FOUNDED IN 1969

VOL. 49 NO. 1 • January - June 2024

- The Challenge of Dry Eye Disease in Developing Countries
- Reflections on the Eye Bank Thirty Years Hence
- Prevalence of Dry Eye Disease in a Community in Baguio City
- A Comparative Analysis of Ocular Surface Parameters Before and After N95 Face Mask Use Among Healthcare Workers
- Clinical Profile and Outcomes of Ocular Dermoid Cysts at the Philippine General Hospital
- Prognostic Value of a Classification and Regression Tree Model in Patients with Open-Globe Injuries
- Clinical Profile of Keratoconus Patients at the Philippine General Hospital
- Vector Analysis Outcomes after Femtosecond Laser In-Situ Keratomileusis versus Small Incision Lenticule Extraction for Moderate Myopic Astigmatism
- In Vitro Antimicrobial Susceptibility of Common Bacterial Keratitis Pathogens to Topical Ophthalmic Fluoroquinolones
- Recalcitrant Gram-Positive Bacterial Keratitis treated with Intrastromal Levofloxacin 1.5% Ophthalmic Solution: A Case Report and Review of Literature
- Suture-Related Corneal Abscess caused by *Enterococcus casseliflavus* following Complicated Phacoemulsification Surgery
- Fulminant Acute Postoperative Endophthalmitis caused by *Pseudomonas stutzeri* in a Healthy Elderly Male
- Ocular Surface Manifestations of Ophthalmia Nodosa from Caterpillar Setae

Editorial Team

Editor-in-Chief

Franz Marie O. Cruz, MD, DPBO, FPAO

University of the Philippines-Philippine General Hospital
Manila, Philippines

Peregrine Eye and Laser Institute, Makati City, Philippines
St. Luke's Medical Center, Quezon City, Philippines

Managing Editor

Charisse Ann S. Tanlapco, MD, DPBO, FPAO

Ilocos Training and Regional Medical Center

San Fernando, La Union, Philippines

Region 1 Medical Center, Dagupan City Pangasinan, Philippines

The Medical City Pangasinan, Dagupan City, Pangasinan

Editorial Board

John Mark S. de Leon, MD, DPBO

East Avenue Medical Center, Quezon City, Philippines

Cardinal Santos Medical Center, San Juan City, Philippines

Manuel Benjamin B. Ibañez IV, MD, DPBO

The PHILIPPINE JOURNAL OF OPHTHALMOLOGY (PJO) is the official journal of the Philippine Academy of Ophthalmology. It aims to provide a venue for exchange of ideas and information among ophthalmologists and other physicians. It publishes peer-reviewed

reports of original clinical and laboratory investigations, epidemiological studies done in the Philippines and other countries, major reviews of specific topics, evaluation of diagnostic and surgical techniques, treatment methods, latest updates and controversial issues in ophthalmology.

Initially published quarterly, the very first issue was dated January - March 1969 and entered as third-class mail at the Manila Post Office on February 13, 1969.

Journal International Standard Serial Number:

PHISSN 0031-7659

MISSION: To provide up-to-date medical and scientific information on ophthalmology.

VISION: The Philippine Journal of Ophthalmology is a peer-reviewed journal that provides a venue of exchange of medical and scientific information related to ophthalmology and visual sciences.

Notice to Readers and Contributors

Submission

Electronic copy of manuscripts in editable Microsoft Word document may be emailed to pao_pjo2007@yahoo.com.ph. Authors are directed to read and abide with the instructions to authors first on the website of the Philippine Journal of Ophthalmology. Along with the manuscript, authors must submit a duly-accomplished and signed copyright transfer. No manuscript will be reviewed until the signed copyright transfer is received.

The PJO is an open access, purely online, peer-reviewed journal. Manuscripts submitted for consideration are reviewed by editors and other experts in the field. Reviewers are consultants to the editor and are instructed not to discuss the paper with the authors. Reviewers should not cite the manuscript or refer to the work it describes before it has been published. Reviewers should refrain from using the information contained in the manuscript for the advancement of their own work or that of their colleague or institution.

Disclaimer

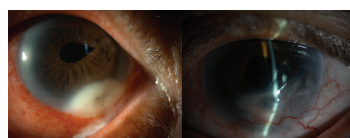

Statements and opinions expressed in the articles and communications herein are those of the author/s and not necessarily those of the Editor/s or the Publisher (Philippine Academy of Ophthalmology). The Editors and PAO assume no responsibility for any injury and/or damage to persons or property as a matter of product liability or negligence or which otherwise arise from use or operation of any methods, products, instructions, or ideas cited or discussed in any article in the Journal.

Although all advertising materials are expected to conform to ethical and medical standards, the appearance of advertising in PJO does not constitute a guarantee or endorsement by the PJO or the PAO of the quality or value of the product or the claims for it by its manufacturer.
